Jesus invited people to discover his true identity and Cornerstone is offering you a chance to respond more fully to that challenge. For those who long to be Christ-like, knowing what Christ is really like is an essential ingredient. It has been said that it is astonishing how few, even among his followers, have seriously studied the life and character of the most inspirational leader the world has known.

Who do you say I am?

Saturday 11 April – Tuesday 14 April 2015
During *Jesus of Nazareth*, Paul Roe and Paul Walker will take you behind the scenes for an up close and personal look at Jesus; the shaping of his character, the blueprint for his mission, the genius of his strategy, and an appreciation of his courageous life. Both teachers are passionate about relaying the life of Jesus and making this time an integrated, whole-of-life learning experience. Whether you are setting out to examine Jesus for the first time, looking for refreshment in your faith, or wanting to know Jesus more deeply, this intensive will challenge and inspire you.
